STURDY Mini Bunker

Code: 329-A

- The STURDY Mini Bunker is a lockable unit for both domestic and business use. It is ideal for the storage of a combination of coal, turf, wood or briquette storage. The rotationally moulded UV stabilised unit guarantees a strong and durable weather resistant unit. The bunker is long lasting and maintenance free.
- The unit comes complete with an easy open aluminium roller shutter.
- Many businesses use the STURDY Mini Bunker for storage and display of packaged goods in forecourt and shop situations.
- The unit can be customised to your corporate colours and has a large product display area. As an optional extra an advertising panel can also be fitted to help promote your business or advertise the products your are selling. The advertising panel is mounted on top of the unit and is fixed in position.
- The STURDY Mini Bunker comes in a range of standard colours.

STURDY Midi Store

Code: 638-A

The STURDY Midi Store is a secure and lockable unit for both promotional and business use. It is ideal for the storage and display of peat briquettes, coal, peat moss and dog & animal feed. As products can be neatly displayed and are visible to the public, it is also ideal for use in garage forecourts and shop fronts. As an optional extra your company name or logo can be placed on the front of the Storage Unit to help promote your company.

- The STURDY Midi Store comes with an aluminium roller shutter as standard which allow it to be opened with ease. The rotationally moulded UV stabilised body guarantees a strong and durable weather resistant product. The unit is long lasting and maintenance free.
- The STURDY Midi Store comes in a variety of colours. Just ask our sales team for the options available.
- The unit uses a simple padlock and eye-bolt system to lock the unit keeping the items stored within safe and secure. The plastic handles allow the lightweight shutter to be opened with ease.
- The STURDY Midi Store has a capacity of 1.5m³ which is larger than other similar products on the market.
- As an optional extras, the STURDY Midi Store can be fitted with shelving to allow for multi-layered storage. An advertising panel can also be fitted to help promote your business or advertise the products your are selling. The advertising panel is mounted on top of the unit and is fixed in position.

STURDY Grit Bunker

Code: 410-A

- The Sturdy 225kg Grit and Salt Bunker has a wide opening to allow for easy filling and extraction of grit, salt or sand. The top of the bunker is designed to prevent the collection of snow and rainwater. This ensures the material inside remains dry. Manufactured from medium density polyethylene UV stabilised the 225kg Grit and Salt Bunker will not rot and painting is ever required. The bunker has the capability to be forklifted if necessary. Forklift slots measure 500mm centre to centre.
- The 225kg Grit and Salt Bunker is ideal for use in shopping centres, car parks and areas of high pedestrian traffic.
- As an optional extra your company name or logo can be printed on the lid of the 225kg Grit and Salt Bunker to help promote your company and a lock can be fitted as an extra security measure.
- The 225kg Grit and Salt Bunker comes in high visibility yellow as standard. Other colours are available upon request.
