Chemical Storage

Under the Control of Substances Hazardous to Health Regulations 2002, employers need to either prevent or reduce their workers exposure to substances that are hazardous to their health.

Sturdy Products has the perfect solution

Sturdy Bunded IBC Store

Our Sturdy Super IBC Bund is designed to safely store IBC Tanks. Its unique design allows for the tank to be stored in a controlled and safe manner due to its anti-spill lip which can hold up to 1300lt of liquid in case of a leak.

For extra protection Super IBC Bund will come with lockable aluminium roller shutter door. The large surface area of the roller shutter can be utilized to display company logo or branding, as well as warning signs.

Bund Capacity : 1320lt

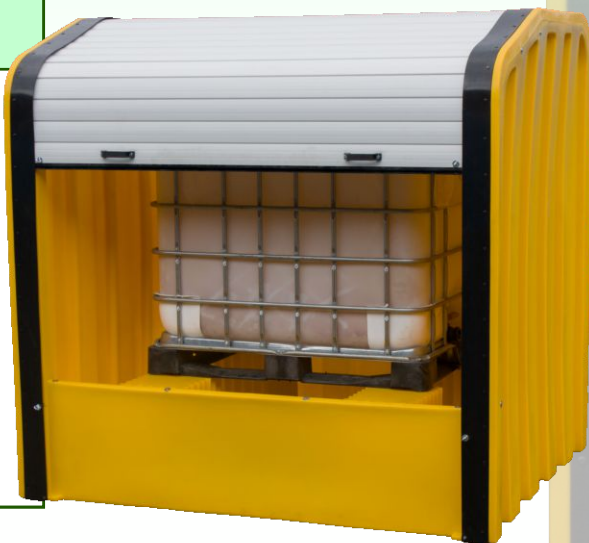

Technical Specifications:

Depth:
1580mm
