

# STURDY Pedestrian Barrier

## The ideal solution for pedestrian areas!

For functionality and durability, the STURDY Pedestrian Barrier is the number one choice.

- Manufactured in UV stabilized polyethylene which makes it durable and corrosion resistant
- Its ease of handling combined with the unique stacking system makes it an all round winner with contractors for transporting and storing
- The barrier comes in 1.75m lengths, which enables it to be used in tight areas, such as covering manhole covers, without creating major inconvenience to pedestrians or road users
- It is easy to manoeuvre and handle and is designed to fit easily in most service vans
- Can be supplied with contractors name and logo
- Its unique design allows clear visibility to construction staff and pedestrian users alike
